(d) Where an italic d in parenthesis precedes a rating, it is an indication that one or more of the partners in the firm are liable in another or other firms, and the responsibility is in that sense divided, THUS: (d) B+ 1.

The absence of a Rating, whether of capital or credit, indicates those whose business and investments render it difficult to rate satisfactorily. We therefore prefer, in justice to these, to give the detailed reports on record at our Offices.

The letters "N.Q." at the foot of reports mean-Not Quoted in the Reference Book.

Ratings of Branch Houses should always be looked up at Headquarters also.
